

# PRINCIPLE AND FOUNDATION

**Read and Pray with Psalm 139**

**Keep in mind:**

God has given you life that you might enjoy the deepest possible relationship with God imaginable. May you value this closeness with God above all things and find in it the love you have for others.

**For your journal or notes:**

Does it seem that God is saying something in particular to me?

Can I truly not care about some things that others value highly (long life, wealth, fame, health) if God chooses something else for me?

Are there insights that came to me from the Scripture passage or from my prayer?
